

Weekly Report

Lin Bingru

2018.07.16 – 2018.07.22

Practices

- Implement line chart for trend analysis in radar part of the big screen project
- Test my component with simulated backend
- Refine styles and fix bugs of the big screen project
- Get the second and third scenario of RSATree to work

Future Work

- Start to work on the component library of the big screen project
- Continue to refine and test RSATree project
